

Project CHILD FIND

Project CHILD FIND is a free referral service and public awareness campaign to assist in the identification of unserved youth with a delay or disability from birth through twenty-one years of age.

In addition, **Project CHILD FIND** develops and distributes information to the public about **early intervention services** and special education programs throughout New Jersey.

Project CHILD FIND's comprehensive efforts include:

1. Assisting families of infants and toddlers, **birth through two**, concerned about their child's development by directing all requests regarding **early intervention** to the family's local Special Child Health Case Management Unit. If you need the number for your Special Child Health Case Management Unit, call:

Project CHILD FIND
1-800-322-8174

2. Assisting families of preschoolers, **three through five**, concerned about their child's development by directing requests to their local school district.
3. Helping families access community services through referral.
4. Promoting community and public awareness of all children with disabilities by providing information.

INFANTS and TODDLERS
